About Us

In the spirit of ideas worth spreading, TED has created a program called TEDx. TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. Our event is called TEDxEmilyCarrU, where x = independently organized TED event. At our TEDxEmilyCarrU event, live speakers and performers will combine to spark deep connection and discussion in a small group. The TED Conference provides general guidance for the TEDx program, but individual TEDx events, including ours, are self-organized.

TEDxEmilyCarrU's mission is to bring together a dynamic group of thinkers and doers in a proactive setting that builds new connections to lead to progress and collaboration, and take participants to a next level of thought and action.

Beyond A Tipping Point

It takes one domino to set off a series of chain reactions. One domino, one idea, one event, one setback, one experience that could change the world forever. We have all experienced a tipping point when something either comes together or it all falls apart. The tipping point may be the moment of truth but it all comes down to what happens after. What comes beyond a tipping point?

“The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire.”

- Malcolm Gladwell

Life’s Greatest Adventure is Beyond Our Inertia

Every day we are faced with a decision. To accept the status quo or question the perspectives we find within ourselves. When we question our beliefs an opportunity arises to break our inertia and embark on the greatest adventure of our life.
